

## **Amillan's Quality and Environment Standards.**

We are delighted to have been awarded both the ISO 9001:2008 for Quality Management Systems and the ISO 14001:2004 for Environmental Management Systems.

We are among only 2% of businesses in the UK to have successfully achieved both of these standards and this is testament to our focus on continuous improvements in quality and maintaining a greener environment.

### **ISO 14001:2004 for Environment Management Systems**

This is an internationally recognised standard for our Environment Management Systems.

It confirms our commitment to the environment and it recognises that we have a coherent system to efficiently manage our environmental activities.

It demonstrates our legal and regulatory conformity.

### **ISO 9001:2008 for Quality Management Systems**

This is an internationally recognised standard for our Quality Management Systems.

It confirms our commitment to providing a quality service to our clients and our dedication to continuous improvement and enhancement to our business management.

We will continue to look for ways in which we can improve the quality of the products and services that we deliver to our clients, and we will seek to do this in most environmentally friendly way.
